Established in 1910, DANUSER has been family owned and operated by four generations. We have manufactured auger systems since 1943. With over 65 years of design and manufacturing experience, our machines have dug millions of holes. Today our commitment to our customer remains to design and build products that are the benchmark of quality, reliability, and longevity. In the words of our founder K.B. Danuser, “Good enough won’t do – it must be right.”

DANUSER manufactures several attachments for various equipment, serving several industries worldwide. Please visit [www.danuser.com](http://www.danuser.com) to see our full line of attachments.

Danuser reserves the right to make changes in design, specifications, and prices without notice and without incurring any obligation relating to such changes.
